

### CLASS THREE:

I hope you're all having lots of fun in the snow. ☐

As school is going to be closed again tomorrow, here are a few things that you could do to keep you busy:

Year 6:

Please keep working on your SATs revision booklets. Look at some of the topics we've worked on recently in class - ratio, percentages and angles for maths; passive voice, subjunctive and dashes, commas & brackets for English.

(This would be your H/W as normal).

Everyone:

Carry on with your river research from Tuesday. Start to plan how you would put it into a piece of information writing. If you're feeling particularly keen, you could write a first draft!

Spellings will be tested on Thursday as usual so you have extra time to practise.

Group 1 - please revise any five spellings that you found hard on earlier tests.

Even though we're not in any challenges at the moment, Sumdog can still be played on to keep those tables fresh in the mind.

Keep warm, stay safe and see you soon,

Mrs Morris 😊

(And if you've already been doing anything else creative this week- stories, pictures, poems -I'd love to see them in school next week as always)
