### Sport Premium Impact Report Breakdown – (April 2015) for the year of 2014/15

Amount received: £8274.

Our amount comes in two instalments and fall across the financial year. The impact report below shows the money that was spent since May in 2014 to September 2014. Therefore some of our money has been spent since that time, but it will be included in next year's impact report.

Cost	What did we spend it on?	What impact did it have?
£4500	<b>Greenwood Dale Coastal Partnership – see below for breakdown</b>	This is an offer we have bought into from a Local Sports Partnership which is based at Skegness Academy. In return for £4500, they provide us with high quality coaches, CPD and training, clubs, festivals. Please see the details of this offer on our Sports webpage.
	<b>High quality PE sessions delivered by coaches</b>	<b>The children were taught by coaches for Netball, Tag Rugby, Dance, Hockey and Athletics.</b> Attendance at the 'follow – up clubs' has also been very high (15-20 children) for each one, showing a high level of participation.
	<b>Training/CPD</b>	<b>3 Training days for Teachers:</b> All staff saw progression throughout school and used techniques shown by expert to now deliver consistency in gymnastics teaching and provision and better more regular use of apparatus. CfBT provided us with an expert to help us develop our PE scheme of work and assessment. This is now up and running. Training in EYFS Movement has developed a non-specialist teacher's confidence with teaching this age group (Val Sabin)  <b>Energy Club training</b> Dinner supervisors attended this and the equipment and games have made break times more constructive and given opportunities for Class 3 leadership. Less falling out over football!
	<b>Go Fencing Day</b>	Children participated in a more specialist sport, which allowed them to develop different skills and techniques.
	<b>KS1 Dance Festival</b>	Year 1 and 2 danced with other schools, improving co-ordination and addressing issue of boys and dance. Those who were reluctant to go, have since been to the

		second dance Festival, without prompt!
	<b>G&amp;T Pupils</b>	Two pupils were chosen to go to this residential at Butlins. Their comments about their experience were: 'It was too short!' They were able to meet other children with the same level of prowess, and as a result were challenged at a higher level. This made it a worthwhile course, for children who come from small school backgrounds. Both have continued to excel in sport in their secondary settings.

<b>Cost</b>	<b>What did we spend it on?</b>	<b>What impact did it have?</b>
£2010	<b>Swimming – hire of pool and instructor £590</b>	We hired the pool and instructor for 12 weeks, allowing us to extend the amount of time that children spent in the pool and used an extra session for our top swimmers on their own. Next year we will be extending this to some sessions for non-swimmers on their own. The use of money for transport has enabled us to provide this without asking parents to contribute. This has meant we can increase participation and remove barriers to learning to swim.
£173.40	<b>Additional hire of buses for tournaments</b>	We have tried to enter as many tournaments as we can, to increase participation in competitive sports. When we can, parents can transport their children, but occasionally we need to rely on hire of a minibus. This allowed us to participate in the regional Tag Rugby finals in Lincoln. (As a small school, we do not have a budget for our own minibus.)
£720	<b>Climbing wall panels and installation</b>	We have various playground apparatus which are very popular. This piece is good for upper body strength and problem solving. It is accessible for all children who are tall enough to reach! Another addition has meant that children are active for longer in their breaktimes. Children who may not enjoy running games, certainly have provision in our climbing equipment!
£44	<b>PE equipment check</b>	This enabled all our equipment to be used with confidence.
£183	<b>Replacement Goal posts</b>	Well, despite all our encouragement and the provision of so many activities, whenever the weather is good enough to be on the field, there will be a football match going on! Happy active fit children!
£272	<b>Val Sabin Materials for our PE scheme of work</b>	Our class 3 teacher has devised our long term plan around these materials to make sure that we are delivering high quality PE lessons that develop progressively as the children grow up. In a recent observation from CfBT (our school improvement body) and scrutiny of other evidence, we were judged as being good with some outstanding features in our PE provision!
